KAMPAIGN LABS · DIGITAL SYSTEMS & AUTOMATION

2026 SERVICE & PARTNER BROCHURE

Websites & Automations Engineered to Close.

We build high-speed conversion websites wired into mobile databases and instant lead alerts—so your team updates inventory from a phone in 5 seconds and buyers arrive pre-qualified.

5-Second Mobile Control

Update cars, properties, or prices from Notion/Airtable on your phone. Zero webmaster retainers.

Sub-3-Second Lead Alerts

Inquiries bypass dead email inboxes and fire instant Buyer Tickets straight to staff phones.

Built-In Buyer Filtering

Interactive diagnostic forms qualify prospects by budget and need before they hit your WhatsApp.

HOW THE SYSTEM RUNS

Not a Static Brochure. A Live Operational Pipeline.

01

AIRTABLE / NOTION

Update on Phone

Add a vehicle, mark a plot sold, or change pricing from your phone in 5 seconds.

↓

02

EDGE WEBSITE

Instant Live Sync

Your sub-second website updates automatically with zero developer fees or WordPress crashes.

↓

03

SMART FILTER

Buyer Pre-Qualifies

Prospects select their exact need, budget, or run an interactive diagnostic before messaging.

↓

04

STAFF ALERT

Instant Sales Dispatch

Sales reps receive a structured Buyer Ticket in under 3 seconds and close while intent is hot.

THE 3 CORE PACKAGES

Built for Speed, Autonomy & Conversion.

100% website & business automation engineering. Clean static code, zero WordPress bloat, full ownership handed over on Day 1.

01

48-HOUR FAST TRACK

48-Hour Authority Launchpad

₦150,000

₦100,000 start · ₦50,000 on launch

A sharp, single-page executive website live in 48 hours—built to replace amateur link-in-bios with an asset that commands immediate trust.

PROBLEMS IT SOLVES

- Sending high-value prospects to messy Instagram bios or Linktrees.
- Repeating your pricing and credentials in DMs 15 times a day.
- Waiting 6 weeks on agencies for a clean, focused landing page.

BEST USE CASES

Consultants | Advisors | Agencies | Events & Cohorts

Launching a new service tier, pitching corporate buyers this week, or running a focused event registration hub.

WHAT WE BUILD

- ✓ Single-page high-contrast editorial website
- ✓ Clear offer & objection messaging layout
- ✓ Pre-tagged WhatsApp inquiry buttons
- ✓ 1 branded domain email (name@firm.com)
- ✓ Sub-second mobile speed + 48-hour SLA

Guaranteed Live in 48 Hours

MOST POPULAR · BUSINESS STANDARD

5–7 DAYS HANDOVER

02 Sovereign Operations & Mobile-Synced Site

₦350,000

₦200,000 start · ₦150,000 on handover

A multi-page website wired directly to your phone. Add cars, properties, or services in 5 seconds via Notion/Airtable—with instant staff alerts on every lead.

PROBLEMS IT SOLVES

- Paying webmasters every time you need to edit a price or photo.
- Hot leads going cold inside unread website contact forms.
- Scattered customer inquiries lost across staff WhatsApp chats.

BEST USE CASES

Car Dealerships | Real Estate | Private Clinics | SMEs

Managing live vehicle lots, property developments, or multi-service catalogs where inventory changes weekly.

WHAT WE BUILD

- ✓ Up to 5-page custom conversion website
- ✓ Phone-managed Notion/Airtable catalog sync
- ✓ Instant Buyer Ticket alerts to staff phones
- ✓ Up to 3 branded corporate emails
- ✓ 15-min staff video training + full ownership

Zero Developer Dependency · 5–7 Days

ENTERPRISE CUSTOM BUILD · 14–21 DAYS

03

Enterprise Self-Diagnostic & Automated Pipeline System

₦2,500,000

₦1,500,000 start · ₦1,000,000 on launch

Our flagship custom enterprise build for multi-department and high-volume organizations: a full 10–12 page authority platform, custom interactive self-diagnostic scoring engine, multi-collection mobile database, and conditional CRM sales dispatch.

PROBLEMS IT SOLVES

- Sales teams burning hours on calls with unqualified browsers.
- Multi-branch or multi-service catalogs getting messy and outdated.
- High-budget enterprise leads mixed in with low-tier general inquiries.

BEST USE CASES

Property Developers | Hospital Groups | Academies | B2B Enterprises

Established firms handling high inquiry volume who want prospects automatically pre-scored and routed to the right sales desk.

WHAT WE BUILD

- ✓ Custom interactive self-diagnostic quiz & scoring engine
- ✓ Full 10–12 page enterprise website + full copywriting
- ✓ Multi-collection mobile database (Notion/Airtable)
- ✓ Conditional CRM & departmental Buyer Ticket routing
- ✓ Up to 10 corporate emails + SOP library + 60-day priority support

Full Enterprise Architecture + 60-Day Priority SLA · 14–21 Days
